

Wrap-up and closing remarks

Henrik B. Granau
Founder and Chairman
RFID i Danmark

Fundamental questions for RFID Systems

- At what distance do we need to read the tags ?
- How fast do we need to read the tags ?
- How many tags do we need to read simultaneously ?
- How many tags do we need ?
- How much will each tag be used ?
- To what will the tags be attached ?
- In which environment does the tags need to operate ?

Is RFID Taking Off?

- Yes!
- RFID is being deployed in every country and every industry
- No industry has yet reached critical mass where RFID tracking is the norm
- Apparel retail will be the first
- Lots of activity in manufacturing
- Healthcare picking up very fast (!)

2014/2015 activities ... (?)

- The Annual Conference
- Special Interest Groups (ERFA)
- Some, irregular email newsletters ...
- Start building more info. in the knowledge database at the new website
- Case database expanded?
- Logo sponsors on website?
- Other?

Follow-up questionnaire

- To improve next year, we need your feed-back:
 - You will early tomorrow morning receive an email with a link to a simpel questionnaire
 - Your responses are highly appreciated
 - Thanks in advance

Thanks!

and we hope to see you again next year,
at the Annual Conference – probably in May 2015!
